

Hello Respected,

Thank you very much for giving me the opportunity to study at WMU. I am very excited and happy that I can learn the Word of God from professors who have both spirituality and skill at a seminary in the United States. I could not have studied if the WMU had not provided me with a mission scholarship.

I am Pastor Romy Robinson Singh from Madhya Pradesh central part of India. I am 37 years old. I was born into a Christian family. I am currently staying in Chandigarh at North India with my wife.

When I was working in merchant Navy in December 2010 my father had an accident and he got seriously injured. Then I promised the Lord Jesus that if my father was healed, I would leave my job and serve you. And by the grace of the Lord Jesus, my father was healed and I also left my job and started the ministry in 2011. At that time, I was a 25 years old young man.

In starting I was just shearing how Jesus healed my father. And in 2011 I was travelling by train. In train, I met Devidass who works in Assembly of new life mission church with missionary Kate Baek and he sheared God's vision to me. And he asked me will you work with me for the Lord Jesus. I started to do work with Devidass shearing the gospel and church planting In Madhya Pradesh state. Then after in November 2015, I went to Delhi as the administrative of the assembly to which I belonged. I did both administration and ministry. After three years in August 2018 I moved to Shimla capital of Himachal Pradesh state at North India. 4 years I did ministry in Shimla and planting churches appoint leaders and pastors. I came in Chandigarh at North India in February 2023. And recently I started ministry in Chandigarh. This is part of my domestic mission journey. The reason why I can say that my journey is a mission is because there are many languages, cultures, races and tribes living in India. I have preached the gospel to the unreached people groups and planted churches.

My vision is to share gospel and save soul for the glory of the Lord Jesus and build the Kingdom of God in North India and end of the world. Through World Mission University B.A. course I can get to know God even more deeply and understand God's great love what He has done with us. And God's love and true knowledge of the Bible I want to circulate to my believers, leaders and pastors. So we can more love to God father by knowing him and follow and imitate Him truly. Also knowing the Word of God properly, teaching others through words, and produce more harvest workers and I want the Indian church to grow into a biblical church and missionary churches, self-supporting and self-sustaining churches. In addition, I would like to establish a mission training center to handle North India mission, train the new believers and workers, and send them to unevangelized areas and no churches area. Also I want to build a faith community church that takes care of our neighbours in need, lives together, evangelizes together and nurtures disciples of God.

Thanks
